Centre for Professional Learning

The core driving force behind the Consilium Centre for Professional Learning is a desire to provide students with the best possible education, and the belief this can only be achieved if every colleague, regardless of role or career stage, has access to the high-quality professional development they deserve.

Every colleague, whether teaching or support staff, will be supported and developed through the professional development review process, which replaces traditional forms of performance management.

The professional development review process is focussed on the aspirations of the individual, ensuring that every colleague receives the support and development they deserve to achieve their own aspirations for their careers.

We believe our team of support staff are vital to ensure our schools are well-resourced, safe, compliant, and work as well as they can for the benefit of our students. In addition to the professional development review process, we commission and fund industry-standard qualifications for colleagues in support roles and are also able to support and fund teaching assistants, higher-level teaching assistants, and colleagues in student-facing pastoral and safeguarding roles, to qualify as teachers should they wish.

The Centre for Professional Learning works with and supports in-school leads for professional development to craft the best and most appropriate whole-school offers for their colleagues. We don't impose a central 'curriculum' for professional development, because the needs and priorities of each school are different.

However, we want to support each school to give due focus to whole-school priorities, with departmental training, middle leader training, and one-to-one development and coaching supporting fewer, more in-depth, whole-school messages.

All teaching staff will receive the following 'universal' offer from their school:

- Regular whole-school training, driven by the school's priorities and the in-school professional development lead, with support from the Centre for Professional Learning. This will be designed with the context of the school in mind with subject-specific and individualised training to suit the career stage and expertise of specific teachers. Regular subject-specific training within subject teams. This will draw on the whole-school training and ensure it is considered through the lens of applicability to specific subjects, year groups, and classes.
- Regular teacher-specific training. This will be owned and run by in-school teams, and may take the form of 1-to-1 instructional coaching or teacher learning communities, and is supported by the Centre for Professional Learning.
- Access to the relevant subject and other networks across the Trust, according to their role within school

In addition to this 'universal' offer, all colleagues across the Trust, whether teaching or support staff, have access to bespoke programmes of CPD matched to their own aspirations for their career. We partner with external organisations to enhance our offer to staff, and will support staff with recognised qualifications where appropriate. We are keen to work with a range of partners who use the best available evidence to design rigorous professional development.

All Early Career Teachers (those in their Newly Qualified or Recently Qualified years) at Consilium Academies receive regular support from a mentor, regular instructional coaching, and regular training alongside their NQT or RQT cohort both within their school and across the Trust, with the opportunity to develop relationships with their peers across the Trust as part of our Early Career Teacher Networks.

We believe offering colleagues a strong induction to the teaching profession is of vital importance. We want to set our colleagues up for a long and successful career in education, and help them to provide the best experience possible for our students.
