

**“Where learning has no limits”**

### **Job Advert: Trust Data and School Improvement Lead**

Established in 2006, the Education Village Academy Trust (EVAT) is a Multi-Academy Trust (MAT) made up of 6 academies and schools in the borough of Darlington and has ambitious plans to grow further.

We provide education and support to over 2000 children and young people in the town and its neighbouring areas, and our mix of mainstream and specialist provision across all phases is unique. We're an impactful Trust with extensive experience of improving schools and academies to achieve 'good' Ofsted ratings.

Our Trust is founded on the principles of inclusivity, diversity and fairness, and today, those principles continue to be fundamental to our provision.

Our vision is simple:

***The Education Village Academy Trust is a place where learning has no limits***

Our mission is to deliver exceptional learning experiences to all our children and young people. We stretch aspirations and aim to inspire everyone who learns and works with us to reach high and achieve their potential.

We are looking for an experienced data professional to lead our data collation and analysis, and to help lead school improvement work and Trust-wide strategic planning. You will be experienced in data analysis, within education and you will be skilled in using data to support sustainable and impactful school improvement across a range of settings. The role will be a vital part of the Trust's school improvement team and you will work closely with our staff and leaders (both executive and non-executive) to ensure we are using meaningful data to inform the investment of our time and resources into maximising the outcomes for all the children and young people we serve.

For an informal discussion about the role or for further information, please contact David Bailey, School Improvement Director on [dbailey@educationvillage.org.uk](mailto:d Bailey@educationvillage.org.uk) or telephone: 07770 034 999

**The closing date for applications is 18.00PM on Sunday, 9 June 2024. It is envisaged that interviews will take place in the week commencing 17 June 2024.**
